DETAILED ACTION

Claims 1-3, 7 and 16-19 are currently pending in the instant application, appear allowable over the prior art of record and have been renumbered as claims 1-8. Applicants' amendment to the claims has overcome the pending objections and rejections.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joel B. German on 14 January 2009.

The application has been amended as follows:

1. Amend claim 1 by deleting formula II and the 2nd instance of formula III from the claim, i.e. please delete:

"

"

Reasons for Allowance

The following is an examiner's statement of reasons for allowance. This invention relates to products of the formula III. The novel and nonobvious aspect of this invention involves the substituents on the formula III. The closest prior art of record fails to teach or suggest applicants' instantly claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
